

*Working with Intelligence and
Law Enforcement data?*

*Bring the Yellow House
Advantage to Your Agency.*

Yellow House
ASSOCIATES, LLC
Agile Software Development

You've found the right people.

You want a partner with a strong track record – here we are. Let Yellow House help you the way we helped the Washington, D.C. Metropolitan Police Department. MPD revolutionized the way it works thanks to the ground-breaking **Criminal Intelligence System** we built. Check out some other customers delighted with the Yellow House Advantage:

- U.S. Secret Service
- U.S. Attorney's Office
- Defense Intelligence Agency
- Federal Bureau of Investigation
- Department of Homeland Security
- D.C. Executive Office of the Mayor
- Montgomery County, Maryland Police
- National Geospatial-Intelligence Agency
- Court Services and Offender Supervision Agency

Let Yellow House provide the experts you need.

- Java and .NET Enterprise Architects
- Information Assurance Engineers
- Enterprise Systems Managers
- Knowledge Base Engineers

We have the credentials you trust.

Looking for qualifications? You just found the best. From our top executives to our on-site experts, Yellow House members hold many certifications. You can depend on our:

- Microsoft Certified Professionals
- Certified Law Enforcement Trainers
- DIA Information Assurance Professionals
- Sybase Replication Server Administrators
- Certified Information Privacy Professionals

Our associates come from the Intelligence and Law Enforcement worlds. We've won awards from the **Defense Intelligence Agency**, the **United States Air Force**, and the **D.C. Metropolitan Police Department**. Want a partner who knows the value of industry training and customer satisfaction? **Look no further.**

Experience the Yellow House Advantage.

Operations

Your mission-critical systems can't be allowed to go down.

Our 24/7 **Application Management Center** gathers real-time performance data, evaluates problem severity, and sends out critical alerts. Using Yellow House's secure wireless monitor, you can always keep your core applications up.

Feedback

Your assessments of our efforts are formally recorded during our **Quarterly Customer Reviews**. Through frequent contact, we solve issues, improve service, and keep Yellow House connected to you.

Supercomputing

Your data is full of hidden patterns and trends. At the **Yellow House Supercomputing Laboratory**, we use our own Linux-based Beowulf cluster for experiments with cutting-edge parallel data analysis techniques.

Our new discoveries quickly become your new tools!

Management

You can't wait when you have a hot issue. With our **Quality Service Director Hotline**, you are guaranteed a direct line to a Yellow House executive whenever you need it. You can count on us when you need us most.

Agility

Your evolving needs are the sole reason for our software and services. Yellow House is a proud signatory of the **Agile Alliance** statement on methodology: "Our highest priority is to satisfy the customer through early and continuous delivery of valuable software." See for yourself at www.agilemanifesto.org.

Win with our top-notch partners...

You need relationships to succeed – we have them. Use Yellow House's alliances with the best in the business:

- Dell
- BAE
- ESRI
- Oracle
- Sybase
- Microsoft
- Lockheed Martin
- Northrop Grumman

To advance your interests, Yellow House Associates is a member of the **International Association of Privacy Professionals (IAPP)**, the leading organization in the field. Our experts build privacy awareness into all our data analysis systems from the ground up. Our knowledge of this evolving issue means you don't have to worry about it.

That's one more example of the Yellow House Advantage.

...and benefit from our ties to the community.

Associations matter. We form alliances with carefully selected groups whose vision matches yours and ours:

- **International Association of Chiefs of Police (IACP)** is the premier organization for global leadership in law enforcement.
- **Northern Virginia Technology Council (NVTC)** is a public policy advocate on technical issues we care about.
- **Women In Technology (WIT)** promotes networking and professional growth in our technology community.
- **Institute of Electrical and Electronics Engineers (IEEE)** is a catalyst for the growth of technology and standards in our field.
- **International Association of Privacy Professionals (IAPP)** is the world's leading association of privacy and security professionals.

Curious about our name? Artist Vincent Van Gogh did some of his best work in his beloved yellow house in Arles, France. His vision was to bring together the best and brightest to inspire each other and create wonderful things. At Yellow House Associates, we approach your technical challenges the same way as Van Gogh.
